

THE HOMEOWNERS PROGRAM FOR THE FUTURE

• **PROTECT OUR PROPERTY VALUES**

Zoning and building regulations are being tightened to prevent overbuilding in residential neighborhoods. Future building in Park Ridge will not be allowed if it changes the character of a neighborhood. Our fight to control O'Hare noise and pollution will go on.

• **MAINTAIN THE QUALITY SERVICES A QUALITY MINDED COMMUNITY REQUIRES**

More trees and flowers will be planted, sidewalks replaced, streets repaired, water systems modernized...these services and more are essential to maintain a quality town. Our traditional standards of excellence in service and in appearance will not be compromised.

• **PROTECT OUR HOMES AND BUSINESSES**

Well trained and dedicated police, fire fighting, and paramedic professionals are vital to our future. Protection of our homes and families will continue to be the Number One priority of your City Council.

• **SPEND PRUDENTLY**

Tight control of spending is the hallmark of good government. Taxpayers deserve a maximum return on the investments they make to maintain a quality community. Quality services, beautification, an excellent library, well maintained public services, recycling, effective police and fire protection...these are expenses that must continue to be budgeted for maximum effectiveness at a reasonable cost.

• **ACCEPT RESPONSIBILITY**

We are your neighbors who are taking our turn to give something back to a community which has given much to our families and us. We join the more than ninety Homeowners' men and women who have served on the City Council and worked to make Park Ridge a better place.
