August 9, 2011

City Manager James Hock
City of Park Ridge, IL

Dear Jim,

I received your communication indicating an invitation to a City Council meeting on August 15, 2011. I will be unable to attend. I have multiple work related projects that require me to travel out of town and thus will conflict with your mentioned date. As I consult my schedule, I notice future conflicts with council meeting dates and my work related projects. Additionally, I will be undergoing surgical procedures and recovery periods in the very near future which will again conflict with council meeting dates.

Other members of our organization are similarly unavailable due to business and personal activities that conflict with Council meeting dates.

In a previous communication I asked that all questions the Council members have be submitted to me in writing so I may appropriately research for the correct information. I am reiterating that request. Thank you for your attention to this request.
