Park Ridge residents receive basic adequate service as homeowners, but not nearly as much as we are paying for.

In the last 5 years, the property tax rates of every homeowner and business property owner in Park Ridge skyrocketed 76.22%.

We did not see a 76% increase in home value, or a 76% increase in police hiring, or a 76% increase in street repairs – but we are paying for it!

Marty Maloney has voted for every annual tax levy in Park Ridge since he took office in 2011, and he never saw a tax increase he didn't like.

Park Ridge homeowners need a break from tax raising politicians like Marty Maloney who are driving middle class families and fixed income seniors from their homes.
